Hi!!! Are you there?:P I'm 16-year-old girl. I've been living in Ankara since I was born. I live with my mom and dad. I have no sister or brother . So I always want to know new people. The people belonging other cultures makes me happier!

I like playing piano. I've been playing piano for 6 years. Naturally I love classical music. I listen Paganini, Liszt and Debussy willingly. But do not misunderstand please. I also like metal and hard rock. That's all for now;)
