# BERK AVŞAR

My name's Berk and I'm 16 years old. I live with my parents and a sister older than me. I've been to Holand, Germany, France etc. and I knew people there. It will be very good experience to know Italian people.

I'm good at swimming. I also play turn table. I want to be DJ in the future.

# UMUTCAN CINDIK

Hey everybody! I'm 16 and I was born in Ankara. I play basketball and football but I'm not professional. I do it only to have fun. I also play classical and electro guitar. I listen metal music. Metallica Iron Maiden, Megadeath and Motorhead are the groups that I listen. I like taking photos..

# FEYZA HİLAL DİLEK

Hi students of Plauto! I'm 16 and this is my second year at high school. I can say that I'm happy because of knowing you. I wanna talk about myself=)

I'm always happy and talkative person. I sing in the school band as turkish traditional music singer. I listen all kinds of music. Especially R&B. I can listen Rihanna everyday even every second!

I'm also crazy about shopping!

# LEVENT EMRE YÜCEL

My name's Levent Emre. But people calls me only Levent. Both of my parents are teachers. I have one sister younger than me.

I sometimes play basketball. Books are my life. In my opinion 'İnsan ne ile yaşar?' (What does a person live with?) is the greatest book. I love listening classical music. I hope I will be a lawyer in the future.
