HI FROM TURKEY TO ITALY!

My name's Asena. I'm 17 years old. I have brown eyes and black hairs. I live with my mom and brother. My parents are both retired. I'm the youngest person in the house.

I'm attending my third year in high school. English and German are my favourite subjects. I'm also bad at geometry and maths. I want to study English Language and Literature at university. Now I'm learning Spanish. My aim is to be fluent in five languages.

I have good hours at school with my friends. I love it too much. That's make me happier. That's a photo taken in my classroom.

I'm not good at sport or music at all.= (I'm interested in philosophy. I love reading Nietzsche's books.

In my idle hours, I listen to music. I listen every song that I like. I watch movies. Queen of the Damned is the best movie, I think. I love kids very very much! I sometimes spend time with them. I love seeing them happy=)

And If I talk about this project, this will be the best thing in my life. I'm the director of the students who work for this project. I make students and coordinator come into contact with each other. If you want to ask me something about us, you can reach me on facebook=) Finally, I'm proud of being in this project and being friend with you!
